1001 University Ave, Apt. 4301, Lubbock, TX 79401

Objective

I am an organized and reliable employee with strong experience in leadership, time management, and project-based collaboration. I aim to contribute to innovative projects and learn more about industry standard tech stacks.

Technical Skills & Projects

HackWesTX 2025 Demo: "Love Me Not" (<https://tinyurl.com/ella-devpost>)

- Contributed to data and file handling logic for a website that parses Discord message data and returns nine different statistics about how likely a user is to have a crush on you. My team designed and built the project with C#, HTML, and CSS in under 24 hours using the Blazor framework for .NET development.

GET PHIT Research Project

- Conducted public health research project using Python to clean and organize secondary datasets. Supported my group in completing the research project and poster in under four days.

HackWesTX 2024 Demo: "Buckles and Beatdowns" (<https://tinyurl.com/ella-devpost>)

- Developed a full-stack website with my team featuring a compatibility ranking algorithm in under 24 hours. The project was written in Java, HTML, CSS, and TypeScript using Spring Boot, Svelte, and MongoDB.
- **Programming Languages:** Java, Python, C, and C#
- **Frameworks & Tools:** Spring Boot, Blazor, MongoDB, Postman, and Git

Education

Texas Tech University, August 2023 - May 2027

- Pursuing B.S. in Computer Science with a current GPA of 3.5.
- Study abroad international experience in Portugal and Spain.
- Honors College student.

Relevant & Current Experience

Citi - Future In I.T. 10-Week Intern

June 2024 - August 2024

- Completed a collaborative intern demo project to gain hands-on experience with the web development lifecycle.
- Reviewed team code and highlighted problem areas for reducing code warnings and technical debt.
- Emphasized community with fellow interns at Future in IT workshops and networking events.

Citi - Future In I.T. 1-Week Intern

July 2023 - July 2023

- Conceived and collaborated on a team-based web development project bringing financial literacy skills to first-time car buyers.
- Delivered a presentation about the project alongside team members.

Wize Computing Academy - Summer Camp Instructor

June 2023 - June 2023

- Instructed 15-20 young students in basic concepts of programming, moving gears, and robotics.

Texas Tech University Outdoor Pursuits Center - Student Employee

January 2024 - Present

- Interviewing applicants and scoring around 30-40 applications each hiring cycle.
- Diagnosing and repairing bicycles, skis, and snowboards.
- Planning and leading 1-5 day outdoor trips for fellow students, demonstrating leadership and risk management capabilities.

Organizations

- **Raider Recycle** - 2023 - Present
- **Society of Women Engineers** - 2023 - Present
- **Robotics and Advanced Technical Society** - 2024
